Instead, they agree to pay Brede Exposition Services at the close of the show for all such charges, and they further agree that any claim they may have against Brede Exposition Services shall be pursued independently by them as a completely separate transaction to be resolved on its own merits.
14. Service charge of 1-1/2% per month on any unpaid balance will be made starting 30 days after date of invoice.
15. Where an exhibitor indicates choice of carrier for pickup it is the exhibitor's responsibility to arrange with such carrier for said pickup service. If the carrier does not pick up within the time limited for the removal of exhibitor's materials at the Exhibit Hall, we reserve the right to forward such material by the shipping method of our choice or to remove said material to our warehouse for disposition, at an additional charge to the exhibitor in accordance with prevailing rates for the service performed.
16. Material left behind without orders placed at the Drayage Service Desk may be classified as abandoned. The Drayage Contractor shall not be responsible for same. We are not responsible for any delay of rush shipments. We will expedite such rush shipments to the best of our ability, but will not assume any financial responsibility for shipments which do not arrive at their destination at a dated time.
17. **EXHIBITORS ARE URGED TO CARRY ALL-RISK INSURANCE** covering your materials against damage, loss and all other hazards from the time shipments are made prior to the show until shipments are received back after the show. This can generally be done by adding "riders" to existing insurance policies, often at no additional cost. It is understood that Brede Exposition Services is not an insurer, that insurance, if any, shall be obtained by the exhibitor and the amounts payable to Brede Exposition Services hereunder are based on the value of the material handling services and the scope of Brede Exposition Services liability as set forth above.

Inbound Bill of Lading

All inbound shipments must have a Bill of Lading or delivery slip showing the number of pieces, type of merchandise and weight. Shipments received without this information will be delivered to exhibitor's booth without guarantee of piece count or condition. No liability will be assumed by Brede for such shipments. Billed weight is based on incoming weight, whether outbound services are used completely or in part. The weight is rounded up to the next one hundred pounds (100 lbs) and is taken from the inbound Bill of Lading and/or the certified weight ticket. Separate shipments will not be combined. Shipments arriving without a specified weight on the Bill of Lading will be assigned an approximate weight by Brede. This weight will prevail.

Material Handling Rates

Information Form

By completing and submitting the Material Handling order form, exhibitor acknowledges reading and accepting the terms and conditions included on the Material Handling Information forms, as well as the Limits of Liability form. Please review these money-saving tips to make the most efficient use of your material handling budget. Please make your show site representative aware of the following information.

Money-Saving Tips

In General

- Ship via common carrier to avoid possible special handling surcharges.
- Ship early to avoid overnight charges whenever possible.
- Furnish accurate weight tickets with your shipment.
- Properly label/address all shipments to avoid time-consuming re-routes, mis-deliveries, and delays. Remove old shipping labels before you send materials, and attach new labels with complete information. Shipping labels are provided in this service manual for your convenience.
- When shipping direct to show site, confirm in advance that your carrier can guarantee delivery of your freight to the exhibit facility during move-in dates. When possible, schedule shipments to arrive during straight time rather than overtime periods.
- Label your freight with the number of total pieces – example 1 of 3, 2 of 3 and 3 of 3.
- Take a copy of tracking numbers to the show, as well as origination and destination points, piece counts, arrival dates and phone numbers for tracking purposes.

Consolidate Your Shipment

- Separate shipments received by Brede will not be combined. The minimum 200 lb. charge applies to each shipment Brede receives.
- Consolidate your shipment whenever possible to avoid multiple minimum charges.

  For example:

  - 1 piece weighing 36 lbs. charged @ 200 lb. minimum x $131.50 per CWT = $263.00
  - 1 piece weighing 62 lbs. charged @ 200 lb. minimum x $131.50 per CWT = $263.00
  - 1 piece weighing 54 lbs. charged @ 200 lb. minimum x $131.50 per CWT = $263.00

  TOTAL cost of three shipments arriving *separately*: $789.00

  OR

  - 3 pieces totaling 152 lbs @ 200 lb minimum x $131.50 per CWT = $263.00

  TOTAL cost of one *consolidated* shipment: $263.00 ***Savings of $526.00***

- Shipments arriving at the same time from different destinations are considered separate shipments.
- Please be aware that small package handlers may split shipments resulting in Brede receiving multiple shipments.

Brede EXPOSITION SERVICES

Information Form

These definitions are provided in order to acquaint you with specific guidelines for labor. Trade shows, conventions, and special events in this vicinity are governed by local union contracts. Please review the following information in order to better understand the applicable union jurisdictions. If you have any questions once you have read this, please address them directly to Brede Exposition

Material Handling

Exhibitors are allowed to perform their own drayage, provided that their freight is delivered in their privately owned vehicle (POV), they use their own bona fide company employees, and they bring the freight into the building and to their booth. POVs are defined as personally owned vehicles such as cars, vans, station wagons, SUVs, and box trucks less than 24' in length. Pick-ups with trailers attached are not to exceed 24' in length. Exhibitors must be able to unload/load within 20 minutes of positioning at the designated dock. Any vehicles left unattended may be towed. Venue security will strictly enforce the 20 minute time limit.

Freight being delivered to the loading dock by common carrier, van line, or any vehicle other than a POV must be unloaded and delivered by the official drayage contractor. *There is a charge for this service.* Fork lifts, electric pallet jacks, and pallet jacks may be used by the official drayage contractor only.

Booth Labor

Exhibitors are allowed to set-up and or dismantle their own booths, provided they use their own bona fide company employees who will be staffing the exhibit. Please advise them not to bring outside labor of any kind. Exhibitors who employ display houses or exhibit manufacturers to erect or dismantle their booths may have supervision sent in from their supplier. Supervisors of this type cannot physically erect the booth, unless they are members in good standing of Teamsters Local 25.

I. Exhibitors must use their own bona fide personnel or union personnel hired from Brede Exposition Services for installation and dismantling of exhibits.

OR

II. Non-official installation and dismantling contractors may provide supervision. Non-official contractors must use labor supplied by Brede Exposition Services unless the following requirements are fulfilled:

- Exhibitors must advise Brede Exposition Services in writing, thirty (30) days prior to setup of the show, of their intent to hire an outside installation and dismantle company or exhibit house to supervise, install, and dismantle their exhibit. The *Non-Official Contractor* form must be completed and returned no less than thirty (30) days prior to setup.
- Non-official contractors must furnish proof of adequate insurance, in the form of an original copy of a policy rider listing Brede Exposition Services as an additional insured, furnished by their broker to Brede Exposition Services' office no less than thirty (30) days in advance of actual installation dates.
- Non-official contractors must furnish show management the names, addresses and telephone numbers of key executives or emergency contact.
- All personnel must display proper identification at show site.

This statement and insurance rider are not required by the exhibitors who plan to setup and dismantle their own booths or equipment with their own employees.

Non-official installation and dismantle contractors will be allowed on the exhibit floor only during official installation & dismantling hours, and must be identified with a temporary work pass, either supplied by show management or the official service contractor.

Safety

Standing on chairs, tables or other rental furniture is prohibited. This furniture is not engineered to support your standing weight. Brede cannot be responsible for injuries or falls caused by the improper use of this furniture.

If assistance is required in the assembly/dismantle of your booth, please order labor on the enclosed *Labor Order* form and necessary ladders and tools will be provided.

Gratuities

Brede Exposition Services requests that exhibitors do not tip our employees. Do not give coffee breaks other than mid-morning and mid-afternoon when union employees have a fifteen minute paid break. Any attempts to solicit a gratuity by an employee for any service should be reported immediately to a Brede supervisor. Employees of Brede are paid at an excellent wage scale denoting a professional status, and we feel that tipping is not necessary. This applies to all Brede employees.

In General

Craftsmen at all levels are instructed to refrain from expressing any grievances or directly challenging the practices of any exhibitor. All questions originated by labor are to be expressed directly to Brede management personnel. It is recommended that any questions arising with regard to union jurisdiction or practices should be directed to a management representative of Brede.

- Electrical boxes are left accessible inside floor ports for island booths with no pipe and drape lines and no columns in their booth space.
- For 208V & 480V connections, we require floor plans so that we may provide the electrical service in a convenient location within the booth.
- Exhibitors are responsible for distributing their own 120V electrical cords and plugging in their booth equipment. Exhibitors may choose to:
    - Hire labor from the General Service Contractor;
    - Hire a third-party Installation & Dismantle (I&D) team to perform the distribution work;
    - Bring their own company electrician to perform distribution and hard wire connections as long as he/she is a full-time employee of the exhibiting company.

    - All other times, including holidays **$105.00**

Frequently Asked Questions – Electrical

If the MCCA doesn't run my electrical cords, and I can't do it myself, who should I send my electrical layout plan to?
If you have booth floor plans that include electrical layouts, you should share that information with your preferred setup personnel. If you are working with a third-party exhibit company, they may run the cords for you. If you need to hire labor to run cords for you, the show's General Service Contractor can help you. Typically, the General Service Contractor will include an Electrical Cord Labor Form in the Exhibitor Kit. The MCCA is happy to keep any floor plans on file for reference. In fact, we recommend that you forward your electrical layouts to Exhibitor Services for all 208V and 480V connections so that we may place the initial drop in the most convenient location possible.

How do I know if I need a 208V or 480V connection?
Most exhibitors do not require special connections like a 208V or 480V connection. Many times, these types of electrical services are required for heavy equipment and/or specialized machinery. Kindly consult with the equipment manufacturer, name plate rating or installation technician for specific details. Exhibitors who bring their own distribution panels may need one of these special connections.

How do I know how much power I need to order?
When determining how much power to order for a booth, it is helpful to know how much total power is required for the equipment in your booth space. Below, we have outlined some standard electrical requirements (requirements may vary).

Standard Laptop……250-550 watts
Standard Desktop PC……400-700 watts
Standard Plasma TV…….300-400 watts

Items like laptops, standard booth lights, and televisions may be grouped together on one circuit provided they do not exceed the overall limit of the circuit or the surge protection device. There is some equipment that requires its own circuit to run properly. For example, a microwave or refrigerator requires its own dedicated circuit, so a laptop and refrigerator should not use the same power source.

I am an International Exhibitor and my equipment requires a converter to step down from 220V to 208V. Can I rent a converter from the MCCA?
The MCCA does not rent or supply power conversion equipment. Exhibitors are required to bring their own to the show.

I can't find 208V or 480V overhead service listed on your online ordering site. How can I order this service?
208V & 480V overhead services are limited in our convention centers. All requests for such connections must be approved by an MCCA electrician; please contact MCCA Exhibitor Services for more information.

Frequently Asked Questions – Cleaning

Will my booth be automatically vacuumed or mopped prior to the first show day?
Exhibitor booths will not be vacuumed or mopped unless the service is ordered through the MCCA prior to the show opening.

Do I need to order both the Initial Vacuum and the Daily Vacuum if I want my booth to be vacuumed everyday including the first show day?
No, it is only necessary to order one vacuuming/mopping service. Daily Vacuum/Mop *includes* the initial, first day service. The Daily + Porter Service also includes the initial, first day service. Shampoo service, on the other hand, may be ordered alone or partnered with any other cleaning service.

Why is the rate on your website different from the rate listed above?
The service rates are the same on both the form and the online order page; they are just presented differently. The form shows the daily unit price for the service, while the online page shows the total price for the duration of the show.

If I order cleaning service, when can I expect my carpet to be cleaned?
If the show you are attending opens in the morning, all of the cleaning usually occurs the night before the show opening. If the show opens in the afternoon, all of the cleaning usually occurs in the morning before show opening. Our cleaning staff will not remove visqueen (the plastic covering) from your carpet; exhibitors are responsible for removing their own visqueen.

How do I know if I need a single-line or a multi-line service?
Single-line phones are just like most household phones. They can be used for fax lines, credit card machines, standard telephones, and even to dial-up internet service (although we do not recommend this method of internet connectivity).

I have a wired credit card machine. Do I need to program anything specific for the machine to work on your single-line service?
Yes. Please preprogram your machine to dial "9" before your credit card company's number.

How do I receive my phone number, dialing instructions, and phone/fax equipment?
Please visit the MCCA Exhibitor Services desk onsite to pick up your equipment. At this time you will receive assigned phone numbers and dialing instructions. This information can also be provided ahead of time if requested through MCCA Exhibitor Services.
How can I place international calls on my phone line?If you wish to place international calls on your phone line, please contact MCCA Exhibitor Services prior to move-in to submit this request. Otherwise, all phones will be limited to local and US numbers.

Frequently Asked Questions – Internet & Technical

Do you have wireless internet?
The MCCA offers free wireless internet service throughout meeting rooms, lobbies, and expo halls; just open your internet browser and look for the BCEC or Hynes Wireless Network. This service is designed for casual users and not guaranteed. If you are relying on the internet to showcase your product or services we strongly recommend a wired internet connection for guaranteed service.

I see that you don't offer hubs for sale. What is the difference between a hub and a switch? Can I bring my own hub or switch?
The MCCA offers switch devices for sale instead of hubs because switches are known to provide better performance with a lower failure rate. Exhibitors are welcome to provide their own hub or switch for all internet services.

What is bandwidth and how do I know how much I need?
Bandwidth is the "size of the pipe" that data can traverse. The bigger the bandwidth, the faster data can be transferred. So, the 500 Kbs has more bandwidth than a 300 Kbs. To find out how much bandwidth you require, please consult with a technical representative in your company or look for program specifications listed with any demonstrations or downloads you plan to run.

I need to access my company's network while I'm exhibiting at your facility. Which service will allow me to do this?
Exhibitors who need to connect remotely to their company's network using a VPN (Virtual Private Network) with authentication information like passwords, certificates, or "tokens" should choose a 300 Kbs service or higher. While the 200 Kbs does allow exhibitors to use a VPN, some VPN clients have experienced difficulty connecting because the 200Kbs service uses NAT (Network Address Translation). NAT is a process by which the MCCA can provide thousands of IP addresses to clients while only using a few "real" internet routable addresses.

What is a VLAN?
A VLAN (Virtual Local Area Network) allows a network of computers to behave as if they are connected to the same service even though they may actually be physically located in different areas around the facility. One of the biggest advantages of a VLAN is that when a computer is physically moved to a different location, it can stay on the same VLAN without any hardware reconfiguration.

I ordered a switch and cables, how and when do I get them?
When you are ready for your switch and internet cables, please visit the MCCA Exhibitor Services Desk.

Rigging Services

The MCCA provides rigging and overhead lighting services through our service contractor, JCALPRO.

Planning Ahead for Rigging & Lighting Services
Diagrams and booth layouts are essential for planning rigging and lighting services. In order to ensure efficient delivery of required services, Exhibitors must submit rigging plots, drawing, blueprints, or engineers' certification with their orders to the MCCA Exhibitor Service Department. Diagrams must include the location, dimensions and weight, and the height from the floor to the top of the suspended item. Diagrams must also show booth outline with aisles or neighboring booths marked for reference and orientation.

Basic Rigging Package .....$1,550.00 .....$1,684.00
This package includes all lifts, labor, and rigging equipment (cables, pipes, and hardware) necessary to install and take down one sign/banner weighing less than 150lbs and measuring less than 20' in length or diameter. The package service is provided during standard service hours, Monday-Saturday 7am – 12am, except holidays. If service is required outside these times, then a Team Labor Hour must be ordered in addition to the package.

Team Labor Hour .....$244.00 .....$304.00
Exhibitors may request rigging service on Sundays, holidays or outside the package service hours (Monday-Saturday 7am – 12am). In this case, a Team Labor Hour must be ordered for each rigging package ordered. In addition, when receiving a custom quote for rigging and lighting, team labor hours will be quoted for all labor hours required that are not covered by the Rigging Packages such as building of truss, focusing and attachment of lights, and lighting maintenance.

Custom Rigging & Lighting Solutions
The MCCA/JCALPRO also offers customized rigging and lighting solutions for Exhibitors with more complex or unique requirements. This option is best suited for Exhibitors with larger signs, multiple signs, and/or overhead lighting needs.
Custom Rigging and Lighting Solutions still require flexibility in load in and load out time. If you require a specific load in or load out day and/or time, hourly rates may apply (see Terms and Conditions – Rigging below).

Custom Rigging & Lighting solutions may only be ordered with a pre-arranged quote. Please contact JCALPRO at 1-617-954-2345 to initiate this process. Frequently Asked Questions – Rigging

How do I know if I qualify for the Basic Rigging Package Rate?
Find out the dimensions and weight of your sign. If your sign weighs less than 150 pounds and is less than 20' in length or diameter and does not require electrical rigging, truss, or motors, you will qualify for the Basic Rigging Package. If your sign is motorized or needs electrical rigging (for example a rotating sign or a sign with lights), you qualify for the Electrical Rigging Package.

Can I order lighting to be suspended from the ceiling?
If you would like to order lights to brighten up your booth or illuminate specific objects, you will need to get a quote from JCALPRO. In most cases, lights cannot be attached to our ceilings. Instead we can provide you with truss, using motors, to create a lower "ceiling" and then hang lights from that truss. We will require a diagram showing your booth layout and exactly what you want illuminated in order to put together a quote.

Do I ship my sign to you to put it together?
No. Although JCALPRO provides labor to hang the sign, the General Service Contractor (GSC) handles all shipments. You may build your sign or hire the GSC to put it together for you. When the sign has arrived at the building and has been assembled, we will hang it for you. Be sure to keep this in mind when making your time and day requests for sign hanging.

Can I request load in and load out times?
Yes, the Rigging Order Form has a space for you to indicate your preferred up and down times. Please note that your preferred timing is not guaranteed; however, we do try our best to cater to your requests. If you absolutely need a specific install or take down time, additional charges will apply. If you do not provide a diagram or layout prior to load-in, then you may experience set-up delays and additional cost.

What type of diagrams should I send?
The most useful diagrams are on a proportioned grid to show the dimensions of the booth, the exact desired placement of hanging items, and orientation of the booths around yours. As a general rule, pictures from previous shows and pictures of the sign only are not as helpful as current diagrams of the entire booth space with the placement, height, and weight of the sign(s) or hanging item(s).

Installation & Connections - Plumbing

- Plumbing Service is brought from the nearest column or floor port into the booth.
- Air and Water connections are available in limited locations on the exhibit floor. Connection sizes and booth locations all factor into planning to supply air and water to exhibitors. Please provide a floor plan of the exhibit space indicating locations that require air or water service as well as connection requirements well in advance of exhibitor move-in.

Terms & Conditions - Plumbing

- The MCCA is the exclusive provider of all plumbing services. All plumbing equipment shall remain the property of the MCCA and may not be installed or removed by anyone other than MCCA Personnel.
- Exhibitors are not permitted to fill or drain their own equipment, use individual air compressors, or bring their own compressed gases from an outside vendor.
- All services listed include labor to install and remove said service. Rates do not include connecting of equipment, tracing of malfunctions, special wiring, or repairs. If an exhibitor requires additional plumbing labor outside of the standard service, services will be billed at an hourly rate with a minimum of one hour. Labor rates are based on current wage and benefit rates and are subject to change without notice:
    - Monday-Friday 8am-4pm (except holidays) **$70.00**
    - All other times, including holidays **$105.00**

Frequently Asked Questions – Plumbing

Do all water connections need a drain?
While most water connections do require a drain service, there are some cases where the drain is unnecessary. When the water provided is being consumed or evaporated, a drain is not needed. For example, exhibitors using water service for a coffee machine do not need to order a drain because the water is being consumed.

Will you provide the fittings and hoses for my water and drain connections?
To ensure that your booth's equipment runs properly we ask that you supply your own regulators, filters, and hoses.

When would I need to order a Fill and Drain Service?
Some of the most common reasons exhibitors order fill and drain are for items like fish tanks, pools, tubs for display, or running water displays. We use large hoses to fill vessels requiring water and then use existing drains in the floor to remove the water at the end of the show. Exhibitors are not permitted to bring their own water or use MCCA sinks to fill their own equipment.

My booth requires a sprinkler system. What plumbing service should I order?
If your booth requires a sprinkler system, you will need to order an individual water connection specifically for this purpose.

My exhibitor kit says I need to order a hand washing unit because I am planning to prepare food in my booth. Do you provide these units?
Levy Restaurants, our exclusive in-house catering company, can provide a hand washing unit that includes a small hand washing sink, paper towels, soap, and a discard bucket. Please consult your exhibitor kit for Levy Restaurants information or contact them directly at BCEC (617-954-2382) or Hynes (617-954-2284).

Do you allow Exhibitors to bring Helium balloons into your buildings?
No, unfortunately we do not allow exhibitors to bring helium balloons into the buildings.

Security Services

The MCCA is the "preferred" provider of security booth coverage for exhibitors. If your event designates another security vendor for booth coverage, you may choose to order through the event's preferred provider as detailed in your exhibitor kit.

Security Guard (Booth)	Discount	Standard
Per Hour per Officer	**$18.00**	**$20.00**

The MCCA offers uniformed public safety officers to cover shows and events. Officers are scheduled at a 4-hour minimum and are available from move-in to move-out, around the clock. Orders must be placed at least 48 hours in advance of the requested service date.

Frequently Asked Questions – Security

When do you recommend ordering security for an exhibitor booth?
Our public safety department strongly suggests ordering security for booths planning to have VIP celebrity appearances, book signings etc., to monitor crowd control and escort as needed. Also, exhibitors with expensive or rare equipment in their booths may consider security for the overnight hours between show end and the next day's show start.

Is there general overnight security in the exhibit hall?
The MCCA provides 24 hour security coverage for the facility; however, security coverage for the exhibit hall is determined by the show organizer and may vary from event to event.

CONVENTIONS C.A.R.E.

Community Assistance by Responsible Events

MCCA

Massachusetts Convention Center Authority

LEAVE IT BEHIND. MAKE A DIFFERENCE.

Do you CARE? We do.

The Massachusetts Convention Center Authority believes in community, both inside its convention centers and in the diverse neighborhoods of historic Boston, where needs are sometimes great.

By donating useable materials to our **Conventions C.A.R.E.** program, you'll be helping scores of non-profit organizations throughout the city and the region. Not only will your materials be put to good re-use, but you'll be cutting back on your event's environmental impact by diverting waste from local landfills. Plus, it saves you the time and expense of shipping unneeded goods back home. The MCCA already recycles and donates abandoned property. With your help, we can do even more.

It's easy. At the conclusion of your show, look for the bright blue bins spread around the show floor at "**Product Donation Stations**" during the breakdown of your event. The bins are marked with the "**CONVENTIONS C.A.R.E.**" logo. Then, simply leave your clean, useable, non-perishable donations in the bin. They can include:

- office products
- building products
- medical supplies
- convention bags
- furniture
- clothing
- non-perishable food
- toiletries

We'll take over the rest, arranging the assignment and transport of your donations. We'll also track and report these donations to show management.

The program supports several local non-profits, directly benefiting some of the neediest residents in our community. By working together, the MCCA, our partners and you can show Boston charities that responsible events care.

Food & Beverage Samples

The BCEC prohibits any food or beverages from being brought into the building, except by Levy Restaurants, the exclusive F&B service provider. The distribution of food and beverages, regardless of type and/or quantity, is the sole responsibility of Levy Restaurants.

Levy Restaurants is the official caterer for all food and beverage services within the BCEC. All arrangements for the service of food and/or beverages must be made through the catering office. Food and beverage sampling, in conjunction with specific exhibits may be permitted, but only to the extent approved in writing, in advance, by a Levy Restaurants Catering Sales Manager.

In order to obtain authorization from your Catering Sales Manager to distribute food and beverage items, one of the following conditions must exist:
(1) The party interested in distributing food and/or beverage must be the manufacturer of said product. The interested party must only distribute SAMPLE sizes (2 ounces of pre-packaged food items or 4 ounces of non-alcoholic beverages) of his/her product and

cannot participate in cash sales of said product during the show.
--OR--
(2) The party interested in distributing food and/or beverage items must pay a fee (to be determined by a Levy Restaurants Catering Sales Manager) in order to waive its right to exclusivity under the MCCA/BCEC License Agreement.

If a party brings unauthorized food and/or beverage items into the BCEC and does not subsequently meet one of the conditions listed above, the party must immediately remove the unauthorized item(s) from their exhibit or meeting space.

Sampling Authorization Form (Page E10) – This form outlines policies and procedures pertaining to F&B sampling at the BCEC. The document contains specific information regarding allowable sample sizes, eligibility of sampling, method of distribution, etc. This form is required by Levy Restaurants in order to obtain permission to sample and to obtain a Temporary Food Service Permit.

Temporary Food Service Permit Application – The City of Boston Inspectional Services Division requires a temporary food service permit for any F&B served at the BCEC that is not sourced through Levy Restaurants. Permit fees begin at $30.00 for a one-day permit with $5.00 for each additional day of sampling (example: a 3-day permit costs $40.00). Please contact "your show's Exhibitor Service Manager" for additional information.

Glitter, Confetti, Popcorn, and Other Materials

The use of glitter, confetti, sand, or simulated snow types of material, as well as popcorn, is NOT permitted in the BCEC without prior approval from your Event Services Manager. If your request is approved, an additional cleaning cost may apply.

Additionally, adhesive-backed decals may not be given away or utilized. Any costs incurred by the BCEC for the removal of these items will be charged to the Licensee.

Gratuities Policy

It is against the MCCA's policy for any employee or service contractor to accept gratuities or gifts from the Licensee and/or any exhibitors. Offering of tips and gratuities to personnel employed by the MCCA, or its contractors, agents, or suppliers, is not necessary and strictly prohibited and if you are approached or solicited by any MCCA or service contractor personnel please report this violation to the Chief of Public Safety at (617) 954-2222.

Guardrails and Stairs

Any platforms exceeding 30" in height will require a Massachusetts State building code compliant guardrail system. The guardrail shall be 42" in height with balusters or solid material such that a sphere with a four (4") diameter cannot pass through any opening.

The guardrails shall not have an ornamental pattern that would provide a ladder effect. This includes a guardrail on stairs.

The guardrail system shall be capable of withstanding a load of 200 pounds (minimum).

Stair construction shall meet Massachusetts State building code for riser height of 7" maximum and a tread depth of 11" minimum. These stairs shall have a handrail that shall be continuous, without interruption by newel posts, other structure elements or obstructions. Handrails shall not be less than 34" or more than 38". The handrail ends shall be returned to a wall or post. All stairway handrails shall have a circular cross section with an outside diameter of at least 1-1/4" and not greater than 2".

Stair width shall be a minimum of 36". Many multi-level displays are designed without risers, which is not permitted by the Massachusetts State building code as the stairway is part of a means of egress. The easiest way to address this issue with minimal cost, is to secure a fitted piece of fire-rated plywood or sheet rock between the stringers against the back of the treads.

Hand-Carry Policy

The MCCA reserves the right to restrict all freight and package deliveries to the loading dock. MCCA Public Safety personnel will be on site to direct and assist exhibitors during move-in and move-out.

For the convenience and safety of exhibitors and patrons, all freight and material handling must enter and exit the facility through the loading dock. The Licensee and its exhibitors will be allowed to hand

carry **one** item, one time, in or out of the facility without having to access the loading dock. (Hand-carried freight is defined as one item that can be easily carried by an individual, without the need for dollies or other mechanized equipment.)

No parking is allowed at the entrance of the facility; and the use of passenger elevators for movement of freight is not allowed. All packages are subject to inspection by facility personnel.

This policy is strictly enforced at The Westin Boston Waterfront Hotel skybridge as well.

Lights

Only Underwriters Laboratories (UL) approved clamp-on types of portable spotlights, are allowed. All display lights must be turned off when the exhibitor leaves for the day. Only UL approved extension cords 12 gauge or greater rated for 20 amp are allowed. Note: Household extension cords are not permitted. These are generally 14 or 16 gauge and only rated at 15 amp.

Material Handling

Exhibitors are allowed to perform their own material handling, providing all of the following criteria are met:

- Exhibit personnel performing the work **must** be bona fide, full-time employees ("authorized personnel") of said company.
- Exhibitors may choose to off-load from a company-owned truck or rental vehicle, or from a car, van or truck owned by personnel of the company provided the vehicle is co-owned or rental vehicles **must** be less than 24 feet in length.
- Exhibitors may use only hand-operated equipment, which they have provided; two-wheeled hand trucks and four-wheeled flat trucks are permitted as well.
- At no time can vendors (A/V, furniture design firm, etc.) unload their items. An approved General Service Contractor (GSC) or the Exclusive Rigging Service Provider (ERSP) must be hired by the Licensee to unload/re-load and push in all vendors.

Move-In Procedures

ALL Exhibitor move-in is restricted to the BCEC Loading Dock. No exhibitor will be allowed access with his or her move-in materials via any other entrance to the facility. Please note the hand carry rule within the Exhibitor Participation Rules/General Conditions Section of the Event Guide.

Non-Credentialed Exhibitor Staff

Exhibitor staff arriving at the facility must identify themselves with a photo ID (preferably a valid state issued motor vehicle operator's license) by the Southwest Loading Dock Public Safety Officer. Once positively identified, the Exhibitor will be referred to the Licensee in order to register and receive event credentials.

Parking on Loading Dock Limited to 30 Minutes

Exhibitor staff members parking on the loading dock and displaying their loading dock parking pass on the dashboard of the motor vehicle for the purposes of unloading cargo have a limit of 30 minutes in order to do so. Exhibitor staff remaining in the loading dock area beyond the 30 minute limit and/or who do not properly display a valid loading dock parking pass subject themselves to towing at the vehicle owner/operator's risk and expense.

Positive Means of Identification Required

While inside the facility Exhibitor staff must be in possession of a positive means of identifying themselves with photo identification (ID), preferably a state issued motor vehicle operator's license, etc.

Public Safety Recommendations

The MCCA is not liable for nor does the MCCA carry any insurance on Exhibitor property or fixtures. Please bear in mind that all of your exhibit material and displays are your property. Therefore, it is important that you take every precaution to protect this material. Below are some suggestions toward this end:

1. Ship your materials with a qualified carrier and be sure to lock trunks/crates.
2. If cartons are used, be sure that they are securely taped or banded and under no circumstances marked with the name or type of articles contained therein.
3. Be sure to furnish your shipping company with an accurate account and complete bill of lading.

4. Do not leave your booth unattended during the set-up period.
5. Do not leave exhibit material under tables or displays.
6. Do not include exhibit material in containers to be stored with empties.
7. At the close of the exhibit, be sure to pack as quickly as possible and under no circumstances leave your space unattended during this period.
8. If at all possible, have one of your staff remain in your space with your shipment, until it is actually picked up by the drayage contractor's personnel.
9. Promptly report any missing items or suspicious person(s) to Public Safety.

The BCEC is a non-smoking facility. Smoking is NOT allowed in the building at any time. Designated smoking areas are located outside the building.

Transportation

Public Transportation

We strongly encourage you to promote public transportation as an efficient transportation option for your attendees and exhibitors. Public transportation in the Boston area is provided by the Massachusetts Bay Transportation Authority (MBTA or "The T"). A number of excellent public transportation options are available for service to and from the BCEC. South Station, the premier regional transportation center, is a ten minute walk from the front door of the BCEC. Services available at South Station include the MBTA's Red and Silver lines, Amtrak regional service, bus service, and commuter rail.

Additional information about public transportation in Boston can be found on the MBTA's website: http://www.mbta.com.

Information about water taxi service can be found at http://www.citywatertaxi.com.

Taxi Information

MCCA staff will coordinate with the individual taxi cab companies and the Boston Hackney Division for the needs of each event. Assigned staff will manage taxi service logistics. *Level One, North Entrance at 415 Summer Street is the required location for taxi cab drop-off and pick-up*. This taxi stand location will be separate from the other transportation operations for the event.

Taxis will arrive at the designated taxi stand and wait in a short queue for customers as long as necessary for a passenger to board. The only limitation is that the taxis at the end of the queue do not block open lane traffic. Taxis unable to enter the designated curb lane will be required to proceed to the designated taxi pool area and will be called as service requires. The BCEC may create a temporary taxi pool on Northwest Level One. Curbside managers at the designated taxi stand will be in radio contact with monitors at the pool site to dispatch taxis when a steady flow of taxis is required, such as during an event break.

For a complete list of taxi companies and their contact information, please visit the BCEC transportation website.

Parking

The BCEC currently maintains 1,345 parking spaces in the South Parking Lot. There are also 200 parking spaces that are utilized for valet parking. Please keep in mind that there is no 24-hour parking, or overnight parking at the BCEC. For larger events there are nearly 10,000 parking spaces at nearby parking facilities that could be used to create "blocks" of parking for BCEC events. The parking element of the Transportation Plan will describe the use of these parking resources. The Plan will seek to minimize displacement of parkers from existing facilities and parking-related impacts in the South Boston residential neighborhood.

ADA Parking

If valet service is available for the event, those attendees that are driving themselves can park with valet. Those wishing to park their own vehicles will be directed to park in the ADA area in the South Parking Lot, in the rear of the facility. From there, they can take a handicap-accessible sidewalk to Level Zero, where they can enter the BCEC through the Southeast lobby.

Valet Parking

The MCCA can provide valet parking services at the BCEC.

Parking Options and Directions

Motorists can find the BCEC by using the highway ramps from I-90 and I-93 that are conveniently located in the South Boston Waterfront area. South Boston Waterfront parking lots can also be easily accessed from these highways. Directions and appropriate temporary directional signs placed in the local street network will be provided to guide event attendees to off-site parking facilities that support a BCEC event. These signs will be placed at the direction and expense of the Licensee and will be designed to complement permanent directional signs that are in place to direct motorists to the BCEC. The Licensee will distribute directions to parking areas to event attendees with the purpose of keeping motorists on the highway system prior to entering the South Boston Waterfront.
